

Books & Libraries Shelving

Shelving Solutions supplies an innovative shelving system for book display and libraries. This is a high quality and aesthetically pleasing display system which offers maximum flexibility in displaying books. Shelves can be placed at 25mm increments along the length of the bay's legs, and the books can be displayed either flat or at an angle for creating the optimal blend of storage and display.

Shelving can be supplied in a variety of heights and bay widths, available in a full range of colours and finishes. A range of accessories such as end panels, lighting and signage can also be specified.
