

Newspapers & Magazines

Shelving Solutions offers a wide range of solutions for the effective display of Newspapers and Magazines. Operating within both the retail and libraries markets, we are experts at the effective display of printed materials. Our complete range of product holders can effectively display all formats of newspapers and magazines.

All units can be supplied complete with stock limiters and integrated storage if required, and are available in a complete range of sizes and colours. Integrated lighting systems can be specified, with either traditional fluorescent tubes or LED lighting available.

So whether you need a standard product or would like to work with our market-leading Concept Design team to produce something a little different, we can meet your needs.

Newspapers & Magazine Display includes:

- Conceptual Product Design/ Store Layouts
- Liaison with Customer's in-house Design Teams
- Reverse Engineering/Value Engineering
- Technical expertise – weight loading and material substitution
- Standard catalogue or bespoke equipment
- Promotional features
- Integration of wire, glass, timber and acrylics
- Optional integrated power track/sockets
- Optional lighting and security features
- From supply only to a fully integrated project managed service

The above list of products and services is not exhaustive. If you are currently specifying Newspapers & Magazines metal shelving systems and display equipment, call us today and see how we can help you get the best from your store.

Want to get the most from your display equipment assets whilst reducing your environmental impact? For retailers with ongoing refurbishment programmes, talk to us about how we can help maximise the lifespan of your display equipment.
